"Trainings" is a project to be implemented in Barangay Garang to assess the level of effectiveness of the Barangay Tanod in maintaining peace and order in the Barangay. Maintaining Peace and Order could not be realized if the responder don't know what to do. Barangay Tanod plays an important role in the development and progress of the barangay. It is one of the implementing mechanisms of the Barangay Peace and Order Committee (BPOC), which has the primary task of ensuring that peace and order prevail in the barangay.

Peace and order in local communities translates to a sense of a shared feeling of security among the citizens. People who have this sense of security are more likely to participate in community activities that aim to improve the livelihood and well-being of all, in this sense the maintenance of peace and order is part of the foundation for genuine, community-based development. Through the trainings and skills that the Barangay Tanod could learn, they could apply it in maintaining peace and order in their Barangay.

Pre-Implementation phase 1<sup>st</sup> activity is the "Orientation on the Duties and Responsibilities as a Barangay Tanod" second is the 'Barangay Preparedness on Natural Calamities' This activity is to be implemented in barangay Garang to assess the skills and capabilities of the Barangay Tanod in times of calamities that would arise in their Barangay.

It is very important for the awareness of the people on the said place for them to respond if time comes that their are calamities that would arise. Another topic is about the first aid and after lunch we all undergone the proper procedure and process of earthquake drill. He has also discuss the certain duties and responsibilities of the Barangay Tanod in the Barangay which it will be there foundation in their enhancement training that will follow after the orientation.

The barangay kagawad of Barangay Garang in behalf of the Brgy. Captain and the people of the barangay gives its impression about the said activity after the program. She was very overwhelming because, of the activity it might give a very good impact to their security and rescue activities. And ma'am Love Falloran give also her message to the people of Garang which also inspires the participants. One also of the kagawad is the one who close the program. The event was close
