VILRATIONALE : "Barangay Tanod Security and Rescue Skills Enhancement Trainings" is a project to be implemented in Barangay Garang to assess the level of effectiveness of the Barangay Tanod in maintaining peace and order in the Barangay. Maintaining Peace and Order could not be realized if the responder don't know what to do. Barangay Tanod plays an important role in the development and progress of the barangay. It is one of the implementing mechanisms of the Barangay Peace and Order Committee (BPOC), which has the primary task of ensuring that peace and order prevail in the barangay.

Peace and order in local communities translates to a sense of a shared feeling of security among the citizens. People who have this sense of security are more likely to participate in community activities that aim to improve the livelihood and well-being of all, in this sense the maintenance of peace and order is part of the foundation for genuine, community-based development. Through the trainings and skills that the Barangay Tanod could learn, they could apply it in maintaining peace and order in their Barangay.
